Hazardous Weather

Hazardous Weather

A Red Flag Warning is in effect from 11 AM until 6 PM Thursday for portions of the Hill Country westward into the Rio Grande plains. Dry to critically dry fuels in combination with low humidity and gusty northwest winds are expected. Do your part to prevent the ignition and spread of wildfires!

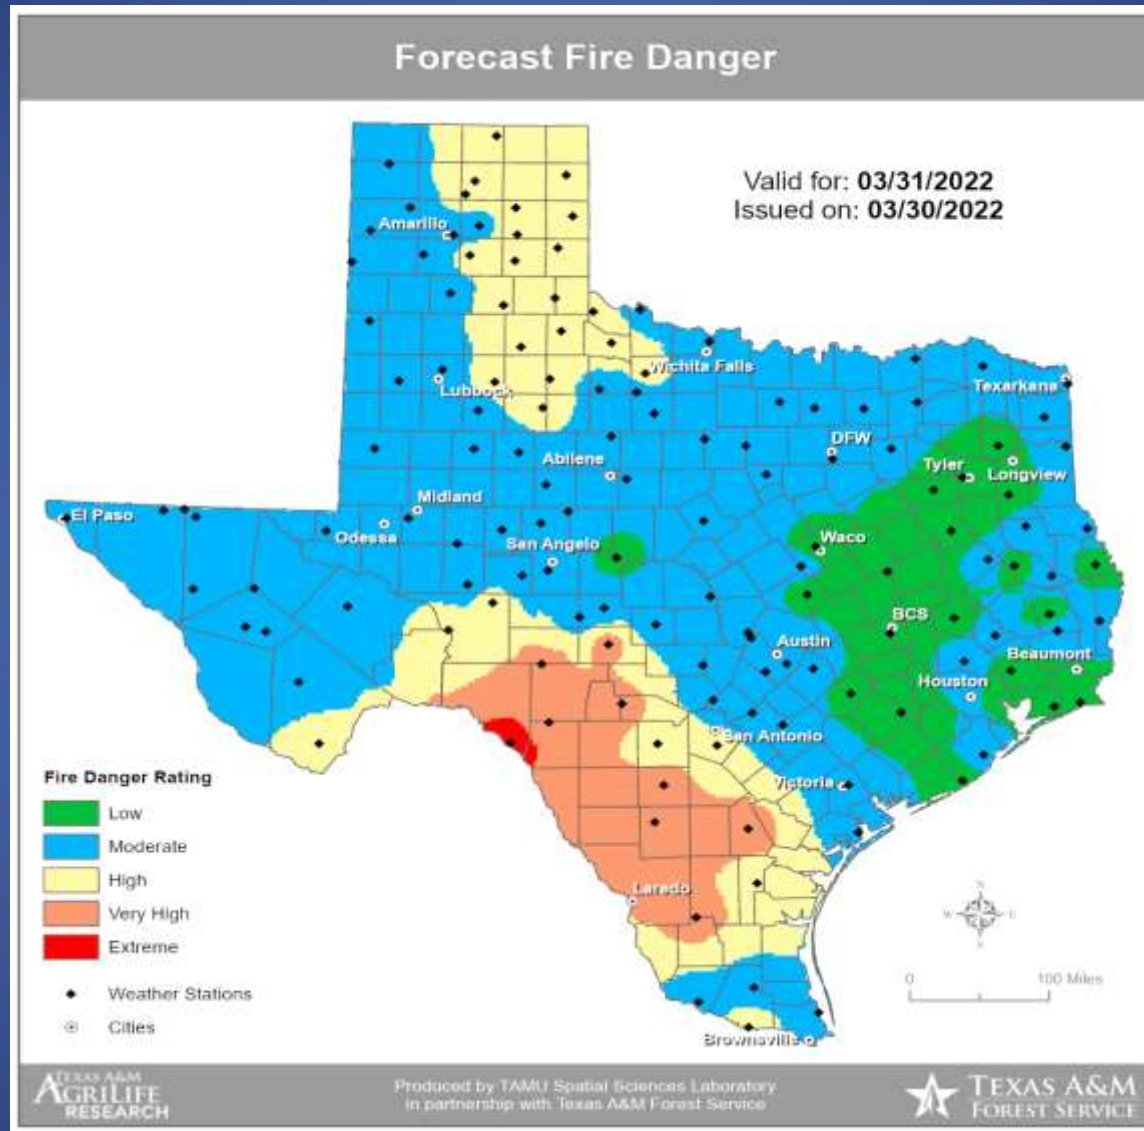

Mainly sunny skies are expected today with warm temperatures. There continues to be an elevated fire weather risk across much of the region due to low RH values and very dry fuels.

Weather Warnings/Advisories Issued
